REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The Terminal disclaimer submitted on August 11, 2006 obviates the obviousness-type double patenting rejection set forth in the office action of record. Moreover, none of the applied prior art of record teaches or fairly suggests "a distance between scanning exposure position of the photothermographic material and an inserting portion of the thermal developing unit equal to or shorter than 40 cm" presented in the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
